the right product.

● North America

● South America

● Europe

● Africa

● Asia

● Australia

For a wide range of colorants in multiple systems, turn to Sun Chemical Performance Pigments fertilizer colorants. These dynamic colorants exhibit exceptional characteristics. Take advantage of the high tinting strength that will help reduce your costs. Experience its low viscosity and excellent stability. With medium to high light fastness for non-dye based colorants, our colorants are the perfect tailor-made solution for surface and mass fertilizer coloration.
